

Stakeholder Engagement with St. John's College Junior College

October 08, 2019

The Office of the Auditor General of Belize began its first round of presentations in respects to its Stakeholder Engagement Strategy Plan 2019-2021. Tertiary institutions were one of the Office's prioritized stakeholders. The Office's objective is to develop advocacy and civic education within these student bodies. The presentations seek to create a sense of awareness regarding the duties, roles and responsibilities of the Office of the Auditor General as it relates to the control of public funds and assets.

Today the presentation was made to 83 students from the Business Finance cohort of St. John's College, Junior College (SJCJC). This presentation commenced at 11 a.m. upstairs of the Webber Hall. It covered topics such as:

- Mandate of the Auditor General
- Powers of the Auditor General
- Four audit products and the audit process
- Audit universe
- Audit criteria and standards
- Internal controls
- Reasons for fraud

At the end of the presentation there was a question and answer segment. This segment gave the students an opportunity to further expound on points made within the presentation, as well as to receive further insight into other matters of interest. The students also received a small token of appreciation on behalf of the Office of the Auditor General. The Office wishes to thank Mrs. Rosalinda Reyes and Ms. Kennisha Williams of SJCJC for coordinating with us to make the presentation a success.
